SCHEDULING

EHR Scheduling Comparison

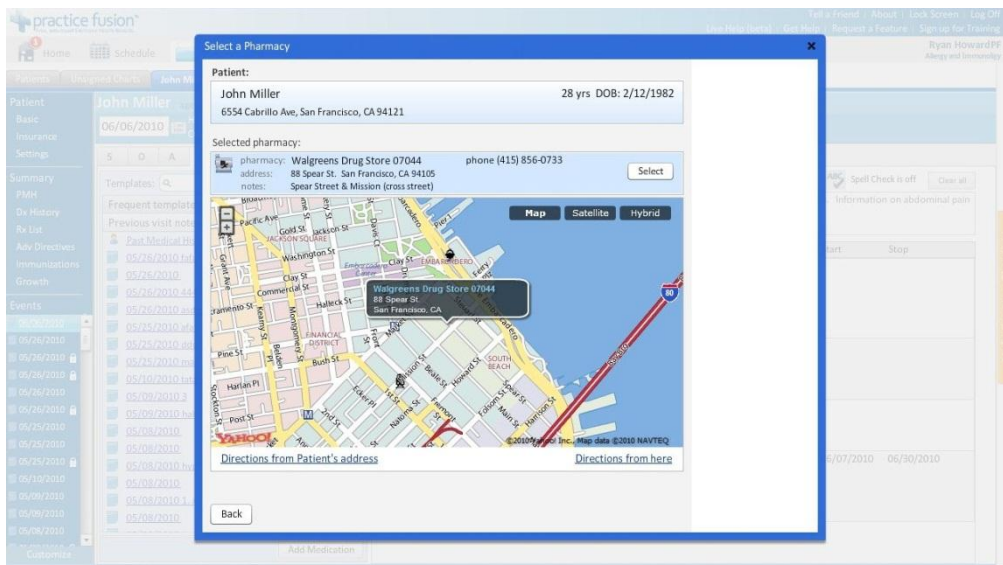

Practice Fusion's [scheduling features](#) can be customized to fit a practice's process flow. Compare our web-based system to ECW and Allscripts.

E-PRESCRIBING

EMR e-Prescribing Comparison

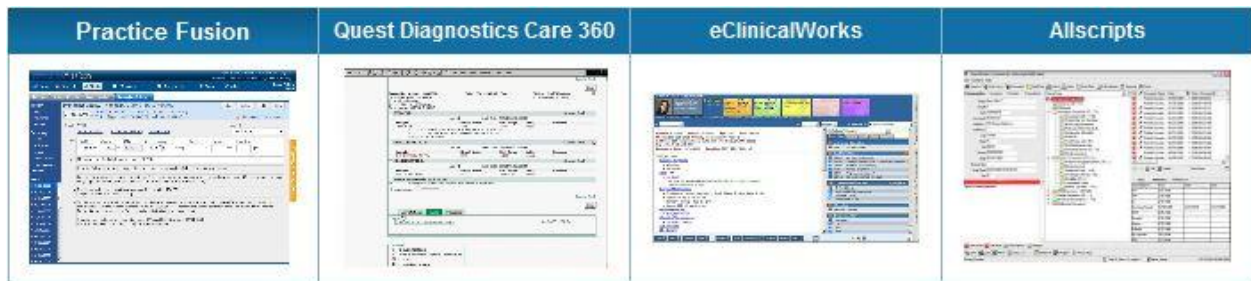

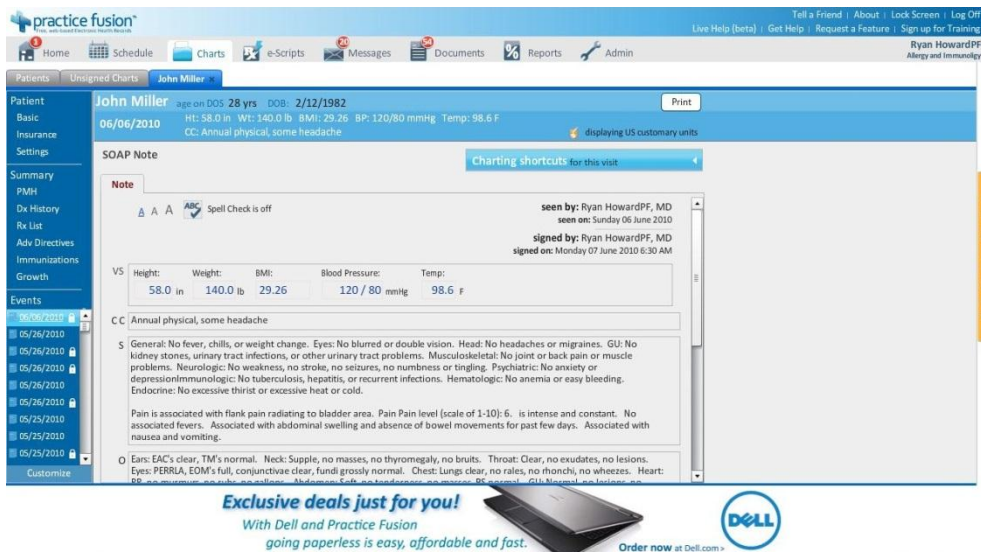

Practice Fusion's interactive [e-Prescribing](#) guide is an advanced, web-based technology that allows doctors to submit electronic prescriptions to more than 50,000 pharmacies in the U.S. at no cost. Physicians have quick access to patient charts, interactive maps, medication information and more. Compare Practice Fusion's contemporary e-prescribing lists and features to other EMR companies.

CHARTING

EHR Charting Comparison

Most physicians will find that Practice Fusion's EHR provides documentation methods similar to many paper charting systems, including standard SOAP notes, case reviews, nutritional notes and general formats. Review Practice Fusion's [intuitive charting format](#) and see how it stacks up against other EHR vendors.

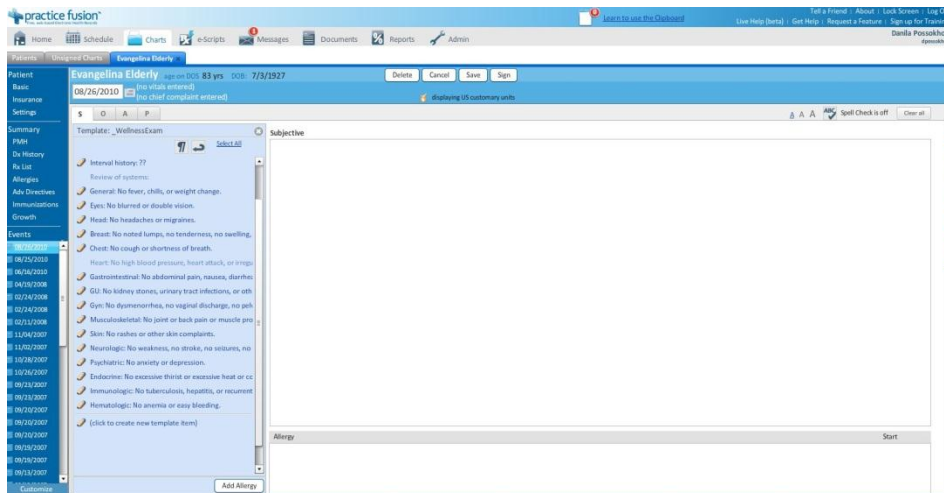

The screenshot shows the Practice Fusion EHR interface for a patient named John Miller. The patient's information includes age on DOS (28 yrs), DOB (2/12/1982), and vital signs (HT: 58.0 in, WT: 140.0 lb, BMI: 29.26, BP: 120/80 mmHg, Temp: 98.6 F). The charting interface displays a SOAP Note with a "Note" section containing a physical exam report. The note is signed by Ryan HowardPF, MD on Monday 07 June 2010 6:30 AM. The note includes a "VS" section with vital signs and a "CC" section with the chief complaint: "Annual physical, some headache". The note also includes a "S" section with a detailed physical exam report. The interface includes a navigation menu on the left with options like Home, Schedule, Charts, e-Scripts, Messages, Documents, Reports, and Admin. A Dell logo and promotional text are visible at the bottom of the screenshot.
